- Racing routes, including the locations of passport controls, are secret. Teams are not permitted to acquire information regarding the race route from local agencies, organizations, municipalities, or contacts. Those teams found to be in violation of this rule will have their money refunded and will not be permitted to compete in the event.
- **Because of so many facets considered, nor fair to list, as it would go against the philosophy of Adventure Racing, teams must be prepared for the unexpected.**
- All teams must abide by pedestrian rules when traversing in urban & rural settings. Teams will not be permitted to cross private property and must stay the course via roads or designated trails. **In addition, never should a fence be crossed.**

The decision will be made on race day with the rain date on the following day. In the event a vote results in a tie, the Race Director will cast the deciding vote. **No refunds will be issued once the race begins.**

- Teams found littering the course will be assessed a time penalty (2 hours) and may be disqualified from an event.

Timing:

- Race HQ will be the official time clock for the competition. The race clock is real time: it begins when the race starts and stops when the last place team crosses the finish line. (Champion Chip Timing this year)
- A time penalty can be issued by the race event staff for any violation during the race. All time penalties will be served at the appropriate CP. This is to ensure teams complete all required portions of the race and cross the finish line in the correct order.
- The first team that covers the course in the shortest time and crosses the finish line with all three team members will be declared the overall winner of the event.
